THE CITY COUNCIL.

The Proceedings of the City Fathers Last Night.

BIDS FOR ARTESIAN WELLS.

Night-The Bridge Q .- -on-fhe Proceedings of the Body in Detail.

The council was called to order promptly on time with his honor, the mayor, in the chair. All the aldermen answered to roll calle and Secretary Burns read the minutes the previous meeting, which were approved. The report of the finance committee relative to carrier well-arted fines in tee relative to certain uncollected fines im-posed in the recorder's court, was referred to police committee and city attorney.

The report of the finance committee and his honor, the mayor, stating they had sold the \$237,000 city bonds for 90 cents and ac-

crued interest, was approved and action

lowing the following claims was adopted. water-works orks claims brisoners. Fire department current expenses
Electric light expense
Gas for city
Street sprinkling
Boaz street bridge
Sowers
Miscelianeous

28 H. T. Smith was allowed \$55 and J. S. Davis \$15 for services as special city judge and said amounts deducted from salary of the regular city judge.

The claim of J. B. Hamilton for \$201.50

for extra work on sewer outlet was referred to street and alley committee.

The matter of furnishing the chief of the fire department with horse and buggy to attend fires was referred to the purchasing committee, with power to act. Report of the street and alley committee,

relative to building a bridge across the Trinity river, was referred to street and alley committee and city engineer, to report next meeting.

The report of the waterworks committee

FORT WORTH, TEX., Nov. 3, 1891. To His Honor the Mayor and City Council.

After consultation with a number of your honorable body individually, and thinking it might meet the approval of your body as a whole, your committee solicited all the wellmen we could learn of to submit propositions for drilling a test well on the loca tion recently decided upon by this council for waterworks, with the result as follows

(bids being attached hereto): McLeod & Co., six-inch, per foot, \$4; eight-inch, per foot, \$5, with modifications for over 1000 feet, Panhandle machine and implement com-

any, for six-inch, per foot, \$4.75; eight-ich, \$7, with some modifications as per bill attached.

R. M. McDonald, six-inch, per foot, \$4.50; eight-inch, \$5.60.

These bills are respectfully submitted

for your consideration, the payments to be arranged for out of waterworks funds.

By the time the contractors for the new works are ready to proceed the well could be down and we would know exactly what

we are doing.

We think the McLeod bid is the lowest and best bid, and would recommend its ac-ceptance if satisfactory contract can be en-

ceptance it satisfactors tered into.

We would state that other wellmen were communicated with, but no replies received.

Respectfully, GEO. E. NIES, Chm.

JNO. T. MONTGOMERY,

J. T. CLEMENTS.

KEOKUK, IOWA, Oct. 19, 1891. To Fort Worth City Waterworks, Fort Worth,

inch well upon the following terms: sand (1000) feet, the sum of four (\$4) dollars

For each and every foot over one thou sand (1000) feet, down to twelve hundred and fifty feet, the sum of four dollars and fifty cents (\$4.50) per foot. All over (1250) twelve hundred and fifty feet, the sum of five (\$5) dollars per foot. We to draw 50 per cent of contract price

for every two hundred (200) feet bored, bal-ance when completed. Yours respectfully, McLeod Artesian Well Company.

By Rice H. Bell, Secretary. KEOKUK, JOWA, Cet. 19, 1891. To Fort Worth City Waterworks, Fort Worth

dollars per foot.
For each and every foot over one thousand (1000) feet down to twelve hundred and fifty (1250) feet the sum of five dollars and fifty (\$5.50) cents per foot. All over twelve hundred and fifty (1250) feet the sum of six (\$6.00) dollars per

We to draw 50 per cent of contract price for every two hundred (200) feet bored. Balance when completed. Yours Respectfully.

RICE H. BELL, Secretary. KEOKUK, IOWA, Oct. 27, 1891. A. W. Scoble, Superintendent Waterworks, My bids provide for flushed joint pipe weighing eighteen and twenty-eight pounds per foot.

RICE H. Bell., October 24, 1891.

Mr. Nies:

I will authorize you to change the price on my bid on the six inch well to \$4.60 per foot straight through to 1150 feet. All other conditions of bid to remain the same.

PANHANDLE MACH'RY & IMP'T Co. W. S. Marshall, President. KEOKUK, IOWA, Oct. 26, 1891. A. W. Scoble, Superintendent Waterworks: Secretary absent. Will wire answer tomorrow. McLeod ARTESIAN WELL CO. KECKUK, IOWA, Oct. 19, 1891.

A. W. Scoble, Superintendent, Fort Worth, DEAR SIR-Your favor of October, 16 to us at Itasca, Tex., reached me this a. m.
In reply to same will say that we take in bidding on the test wells, and

With many thanks for your kindness in

the matter, I am yours respectfully, RICE H. BELL, Secretary. FORT WORTH, TEX., Oct. 22, 1891.

Capt. A. W. Scoble, Esq., Superintendent Fort Worth City Waterworks, Fort Worth, Tex. DEAR SIR-Replying to yours of the 16th, we make the following proposition for the drilling and furnishing a well for the Fort Worth waterworks, well to be as per fol-Worth waterworks, well to be as per fol-lowing specifications, to-wit: to be drilled to the third or bottom vein of water, or 1150 feet if need be, and to be cased with six (6) inch (inside diameter), heavy flush-joint drive pipe of same kind and quality as that used in Tucker Hill well; the casing to rest on top of the third or last flow; then a full six inch hole to be drilled through this said there and if need be, this flow lived with a now, and if need be, this flow lined with a how, and it need be, this now infect with a five-inch perforated lining to keep out the sand or caves; the top of well to be finished with a six-inch tee for connecting to the discharge main, and the main casing capped on top with a collar and a six-inch cap; all work to be done in a first-class manner.

work to be done in a first-class manner.

Will do and perform this work, furnishing everything, for \$4.75 per foot to a depth of 1000 feet; and for \$5 per foot, beyond that depth to the depth of not to exceed the first custom. Good homelies mother used to cook.

Thirty per cent of amount carned at 500 feet; 30 per cent at 1000 feet and the balance

when well is completed. Yours very truly, PANHANDLE MACHINERY AND IMPROVEMENT

COMPANY.

By W. S. Marshall, President.

FORT WORTH, TEX., Oct. 22, 1891. W. Scoble, Esq., Superintendent Fort Worth City Waterworks, Fort Worth, Tex.: DEAR SIR—Replying to yours of the 16th, we submit the following proposition for drilling a well for the waterworks:

SPECIFICATIONS OF WELL.

Well to be finished and cased from the surface of ground to the top of third flow, or lower vein of water, with heavy eightinch (8) flush-joint drive pipe of the same kind and quality as that used in the Tucker Hill well, and then a full eight-inch hole drilled through the third or lower strata of water, and if a responsible liner should be drilled through the third or lower strata of water, and if a perforated liner should be required through this lower flow to keep back any cave around flow, we will put in a seven-inch (7) perforated liner to protect the lower flow; will finish the top of well with an eight-inch (8) tee for connecting to the discharge main, and a collar and cap screwed on the top of casing. Will do the whole work, furnishing everything needed to make a complete job, for the sum of whole work, furnishing everything needed to make a complete job, for the sum of seven dollars (\$7) per foot to the depth of not to exceed 1150 feet, and we are to be paid for 1000 feet in any event, seven thousand dollars. (\$7000), and \$7 per foot for each foot over 1000 feet. Payments to be made as follows: Thirty (30) per cent of the amount earned at each 300 feet drilled and the balance on completion of well, the payment to be made in cash. Submitting the above, we are, yours very truly. truly, Panhandle Machinery & Improvement

COMPANT, By W. S. MARSHALL, President. FORT WORTH, TEX. Oct. 19, 1891.

Honorable Mayor and City Council of Fort Worth, Tex.: The undersigned agrees to bore you an artesian well in the city of Fort Worth to a depth of twelve hundred feet or less, the well to be eight inches in diameter at bottom and to be cased with the best eight-inch artesian flush joint casing to the bottom, or as deep as necessary, the price to be \$5.60 per foot from top to bottom for eight-inch well, and \$4.50 per foot for six-inch well, the six-inch well to be cased with the best six-inch flush joint artesian casing to bottom, or as deep as necessary, work to com-mence within twenty days from date of signing contract, or as soon as machinery and tools can be put on the ground to work with, and the work will be pushed vigor-ously until the well is finished; no money will be required until the well is finished then the full amount to be paid as soon as
the well is completed. Should this meet
with your approval, a certified check as a
guarantee of good faith will be given at
once.

The report of the city attorney was adopted and the city assessor and collector will be governed thereby. The report is as

follows: To the Honorable Mayor and City Council of the city of Fort Worth: GENTLEMEN-In response to the matter of preparing an ordinance to enforce the penalty imposed by law in the redemption of land sold for city taxes, I beg leave to report that under the charter of the city it is the duty of the city assessor and collector to enforce the double tax penalty in all cases where land is redeemed from the city y payment of back taxes where the sam as been sold to the city.

Section 102 of the amended city charter

eads as follows. "The general laws of the state of Texas in force at the time relating to the assess-ment and collection of city and town taxes, as provided by chapters 5 and 6, title 17, Revised Statutes of Texas, shall govern in assessment and collection of city taxes of said city, so far as applicable, except where otherwise herein prescribed, provided that said city shall have the power at any time by ordinance to prescribe full rules and

regulations on the subject."
Article 447, Revised Sta Statutes of Texas, provides for the sale of property for taxes and its redemption by the owner, and contains the following provision: " " provided, however, that the owner of such property shall have the right to redesame at any time within two years property shall have the right to redeem the same at any time within two years of the day and date of the sale thereof, upon paying to the purchaser double the amount of all taxes for which the same was sold, together with costs of such sale and double the amount of all taxes paid by the purchase same said sale. The assessor sale sale. chaser since said sale. The assessor any personal property to satisfy any tax.

etc.
Article 449, Revised Statutes of Texas, reads as follows: "If at any sale of real or personal property or estate for taxes no bid shall be made for any parcel of land or any goods or chattels, the same shall be struck off to the city, and thereupon the city shall receive in the corporate name a deed for said preparty and shall be vested

with the same right as other purchasers at at such sale, and shall have power to sell and convey the same."

Therefore, I would suggest that the at-tention of the city assessor and collector be called to the city assessor and collector be sufficient to be city covered. will be sufficient unless the city council desires to change the rules and regulations, as it can do under the terms of the city charter. Very respectfully, your obedient servant,

City Attorney.

Bart and Trumbull Released.

Special to the Gazette.

San Antonio, Tex., Nov. 3.—J. R. Millard of Pennsylvania, who, accompanied by a detective, located his recreant wife and thirteen-year-old daughter at Flores-ville, Tex., a few days ago, where the woman was living as the wife of Dr. cTreible, with whom she eloped from her Pennsylvania home several months ago, has been here during the past three days seeking for the couple, as they eluded him there, taking the child with them. He discovered them here to-day and was about to rescue the child by habeas corpus proceedescue the child by habeas corpus proceedings, when the trio again disappeared. Mr. Millard has given up his search and left for

WANT A PARK.

A Petition to Have a Large Tract of Land Held

AS A TIMBER RESERVATION

Supreme Court of the United States on the Union Pacific and Western Union Telegraph Cases.

Washington, Nov. 3.—Instructions have been given to the United States district attorney at Chicago to institute legal proceedings against the city officials for causing delay in removing the obstructions to navigation in the Chicago river in disobedience of orders from the war department.

A Timber Reservation

WASHINGTON, Nov. 3,—The commissioner of the general land office has received a petition from citizens of Idaho to set apart a tract of a land, about one hundred and seventy-five thousand acres, including Lake Henry, and adjoining the national Yellowtone park, as a permanent timber reserve A special agent was instructed to examin and report upon the matter, and also the advisability of extending the reservation to headquarters of the Madison river in

In the Supreme Court WASHINGTON, Nov. 3.—The hearing of arguments in the case of the United States versus the Union Pacific railway and the Western Union Telegraph companies will commence to-day. The suit is brought by the government under the Anderson act, which requires subsidized railway companies to construct, operate and maintain tele-graph lines in such a manner that connecting lines shall enjoy equal facilities for the transmission of business, and the govern-ment seeks to have the contract between the railway and telegraph companies ren-deral way.

Military Matters WASHINGTON, Nov. 3 .- Adjt.-Gen. Kelton has made his annual report to the secretary of war. Speaking of the growth of military colleges, he says the data collected afford gratifying evidence of increased good results. The total number that received milstruction during the last quarter of the scholastic year was 7366, an increase of over 1300 as compared with the number re ported for the scholastic year 1889-90.

It is urgently recommended that congress modify the law by removing the require-nent under which volunteer officers must be examined by no other than volunteer officers, as this is an invidious reflection

upon the professional fairness and ability of West Point graduates.

The extension of the retired list by congress is said to have accomplished all that was anticipated and promises to prove of great and lasting benefit to the army. It is elieved that with careful administration the unlimited retired list, as now author-ized, will be able to absorb all disabled officers as soon as they are found to be inca-pacitated. The recommendation contained in last year's report relative to increased pay for non-commissioned officers is urgent

ly renewed.

Touching the propriety of opening civilian employment to the honorably discharged soldiers the adjutant-general says: "I am strongly of the opinion that the army could greatly gain in popularity and efficiency from the recognition of the principle that efficient service in the army for not less than ten years shall constitute a claim upon the war department for appointment in certain subordinate civil positions under its

General Kelton says there has been a remarkable decrease in the number of prisoners in confinement during the year, and it has been found by comparison of statistics that the decrease in the number received is about an even rate with the decrease of the number of desertions from the army, which is about thirty per cent of the average of the past ten years.

Touching the subject of desertions Gen.
Kelton says: "In 1889 the number reported

was 2855; in 1590 it was reduced to 2344, while the entire number during the past year is 1503, or \$41 less than luring the preceding year and a little more than one-half of the number reported in 1889."

On the subject of army canteens the report says that both the moral tone and the

port says that both the moral tone and the material interests of the army have been improved in consequence of the supercession of the post trader by the canteen. Of Indian enlistments the report says that recruiting has progressed so far that there are now seven complete Indian troops

and nine more in process of recruiting.

Gen. Kelton submits the view that the average age of the enlisted men of the army is too high, and that the fnaximum age of enlistment should be reduced from thirty-five to thirty years, and that the total length of service be limited to three enlistments, or fifteen years.
